

2024 GROUP ORDER FORM

Step 1: As soon as the season slows down you should start thinking about your spring soil needs. Put together your group of farmers who want to order together. Groups who order full truckloads (44+ yards) are eligible for the maximum discount we offer... (25% off in the off-season Oct-Dec)

Step 2: You will need one person in the group to act as lead organizer for receiving freight. They must have tractor trailer accessibility on their farm with the ability to unload and distribute pallets of soil to others in the group. We will invoice each party separately and apportion freight according to order size so the point person will not have to deal with collecting money at all.

Step 3: Once you have your order ready, have the lead organizer fill out the attached form with all of your group order information so that we can pull together a final quote for each member in your group. You select the week you wish to receive your order so that all parties can plan accordingly. If at any point you have questions don't hesitate to call us direct! (828-649-5161)

Step 4: Once we receive your order form we will send out confirmations to all parties in your group. Orders must be placed by and paid for by Dec 21st to receive our special off-season pricing. Orders placed after Dec 21st are still eligible for volume break discounts (at normal peak season pricing structure).

Lead Organizer Information

Name: _____

Farm Name: _____

Delivery Address: _____(Street Address)

_____ (City/State/Zip)

Contact Phone Number: _____

Contact Email Address: _____

Delivery site can accommodate 53' tractor trailer safely: _____ (Yes/No)
